Features:

- Torsion Bands** - A cobalt, chromium, nickel alloy with constant torsional properties over a wide range of temperatures.
- Deep Plexiglass Lid** - Extra height permits weighing with the lid down. Plexiglass offers strength with clarity.

Stainless Steel Pans - Highly polished and corrosion resistant.

Sealed Case - One piece metal case has overlapping plate glass top. Complete protection a

Leveling Screws - Non-binding; under the case, so chemicals cannot drop into the threads and

Magnetic Damping - Speeds up weighing by eliminating unnecessary swings of the pointer.

Spirit Level - Insures level of balance from front to rear.
